

**Addendum No.2 dated 02/25/15 to Spears® FlameGuard® Installation Manual (FG-3) dated 10/04/10
Combustible Concealed Installations with Tyco CC3 Specific Application Sprinklers
having 4.2 and 5.6 K-factor**

FG-3ADD2-0215

In accordance with UL Listing, Spears® FlameGuard® CPVC Fire Sprinkler Products can be used in specific light-hazard, combustible concealed and noncombustible concealed spaces that require sprinkler protection when installed with UL Listed TYCO Model CC3 Combustible Concealed, quick response, upright, specific application sprinklers. Model CC3 Sprinklers comply with the criteria for the protection of combustible concealed spaces as described in NFPA 13.

The system must be installed in accordance with the sprinkler manufacturer's information contained in Tyco Fire Products Model CC3 — 4.2 and 5.6 K-factor Combustible Concealed Space Sprinklers Specific Application, Upright Technical Data Sheet (dated December 2014).

NOTICE: When installing Spears® FlameGuard® CPVC Fire Sprinkler Products in combustible concealed areas where sprinklers are required, the specific application sprinkler must be used in accordance with the UL Listing. Contact the local authority having jurisdiction with questions concerning code requirements.
